Course length:

In the first year of kindergarten, the course takes place every week up until the summer holidays.

Which parents and children need to visit this course?

After the summer holidays, your child's German teacher will test your child's level in the German language. If necessary, she will arrange a meeting

with you to find out, which children and their parents require such a German course.

The space in our German class is limited to 10-12 children with their parents.

Who should accompany my child?

Preferably, the person who is most involved with the child's education. This may be mother or father.

Is it allowed to take younger siblings?

Yes, you are welcome to take younger siblings.

How would I benefit from this course?

Your child will learn German together with you. In doing so, your child will be more encouraged and you will be able to translate the things learned into your daily life at home.

You will get familiar with the school system and our teaching methods, so that you can support your child the best way possible in following school years. You will learn how to prepare your child best for school.

How many German lessons would my child receive?

Additional to this German course, your child's German teacher will visit the kindergarten for approximately 3 hours per week for German lessons. In this time your child receives 2 lessons.

Any more questions?

After the summer holidays, your child's German teacher will be here for you to answer any possible questions.

For any questions before this date, contact our Schulleitung of the Kindergarten of your child or contact the Schulverwaltung:
